ABOUT US

Apollo Power is a Leading Sales & Service Oriented Organization Who Engaged In The Business Of Electrical & Electronics Products Such As Diesel Generator, Lift, SubstationEquipment's, AVR, UPS, IPS. We Already Have Been Supplied A Large Numbers Of Diesel Generator Set (More Than 200 Sets) All Over Bangladesh Since 2013. We Have Achieved A Good Market Reputation Providing Strong After Sales Service. We Would Like To Submit Our Company Profile In Brief As Below:

OUR PRODUCTS

- DIESEL GENERATOR**
- ELEVATOR & ESCALATOR**
- SUB-STATION EQUIPMENTS**
- AVR, IPS, UPS, ATS, CANOPY, DUCTING**
- MCB, MCCB, MC, OLR, MPCB, MMS, VFD**
- DB BOARD, MDB, SDB, PANEL BOARD**
- SWITCH, SOCKET & AIR CONDITIONAR**
- ANY KIND OF ELECTRICAL SOLUTION**

OPEN TYPE GENERATOR

CANOPY TYPE GENERATOR

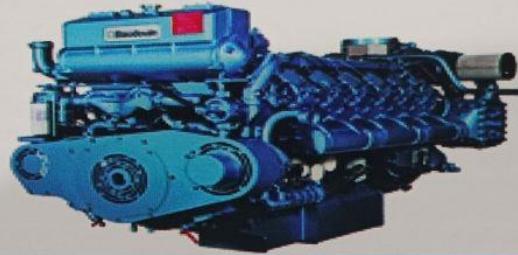

TEKSAN GENERATOR

Major Components

DOOSAN ENGINE

BAUDOUIN ENGINE

TJ 509-T controller

Merili Alternator

Leroy-Somer Alternator

Deep Sea controller

APOLLO STARTED GENERATOR BUSINESS SINCE 2013 WITH GOOD REPUTATION. AT PRESENT APOLLO IMPORTED PERKINS, CUMMINS & RICARDO GENSET. PROVIDING BEST PRODUCTS & BEST SERVICE. WE HAVE A NUMBER OF VALUABLE CUSTOMERS. OUR CUSTOMERS ARE THE STRENGTH OF THE COMPANY. WE AIM TO RANK AS ONE OF THE LEADING POWER GENERATION COMPANIES OF THE WORLD BY EXPANDING OUR EFFICIENT & CREATIVE TEAM CONSISTING OF EMPLOYEES WHO GIVE PRIORITY TO KNOWLEDGE & TECHNOLOGY BY CONTINUING TO MAKE INVESTMENTS WITHOUT COMPROMISING OUR PHILOSOPHY SUMMARIZED AS "ASSURING QUALITY & SERVICE FIRST", RELIABILITY & HIGH QUALITY. UNIQUE IN TERMS OF DEVELOPING SOLUTIONS FOR INDIVIDUAL NEEDS & DEMANDS, APOLLO GENERATOR CREATED NUMEROUS INDIVIDUALS SOLUTIONS FOR ITS CUSTOMERS TO DATE THROUGH CLOSE COOPERATION OF ITS R&D & PROJECTS DEPARTMENTS.

apollo
we are

low emission
immediate delivery
lowest life cycle cost
low fuel consumption
economic operation
low noise and durability
12 month limited warranty
ease of maintenance
clean and highly efficient
worldwide distribution network
capable of taking high jerk loads.
user friendly standard & AMF panel
superior performance and reliability
simple to operate and environment friendly
availability of spare parts across the country
service network with anytime and anywhere

Supplier:

Fujian Yewin Mechanical And
Electrical Equipment Imp & Exp. Co. Ltd.
Gangshan District, Fuzhou, City, Fujian, China

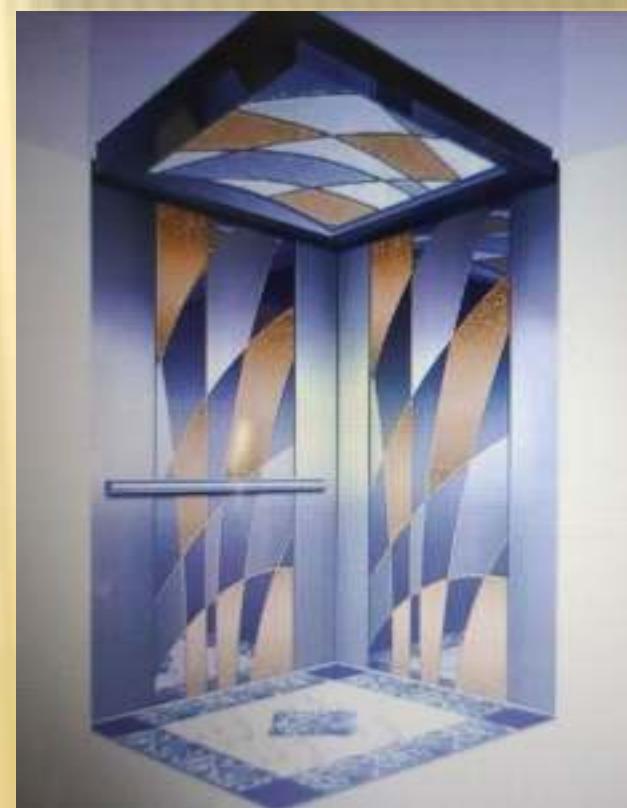

Distributor:

Apollo Power Limited
Noor Mansion, 254 East Goran
Khilgaon, Dhaka-1219, Bangladesh
Mobile: 01714 801540, 01974 801540
E-mail: ceo.apollo.group@gmail.com

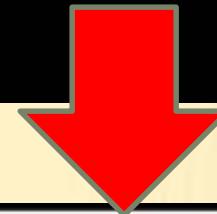

Branch Office:
House # 121, Road # 03, Block # A
Sec # 12, Palibari, Mirpur, Dhaka-1216
Mobile: 01716-948915

CAPACITY RANGES OF DIESEL GENSET

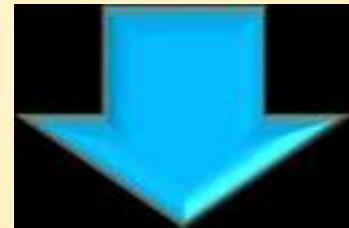

SALIENT FEATURES

- *Lowest life cyclecost*
- *Lowest maintenancecost*
- *Capable of taking high jerkloads*
- *Low noise (73 dB at 1 meter distance) & vibrationlevels*
- *Long Life, User friendly Standard & AMFpanel*
- *150 liters diesel tank / ContinuousOperation*
- *All time availability of spareparts*
- *Can work in extreme temperatures*
- *No fluctuations & flickering of equipment*
- *Compliance to latest emission & noise.*

AFTER SALES SERVICE

- Provides 24 Hours × 07 Days Services.
- Provides Services by Highly Skilled Team.
- Provides NationWide After Sales Service.
- Provides Easy Availability of Spare Parts.

SUBSTATION EQUIPMENTS

Apollo Engineering Company is One of The Leading Manufacturer In Our Country For Various Type Of Distribution Transformer For All Over Bangladesh. Apollo Made High Quality & Efficiency Transformer Apollo Engineering Company Has Built Up A Reputation For Quality Efficiency Cost Effective, Competitive, In All Area, Our Available Product Range Is 1 Phase 5 KVA-75 KVA & 3 Phases 50KVA- 2500KVA.

TRANSFORMER

HT SWITCH GEAR

SPECIFICATION

CONSTRUCTION	: SheetSteel, Metal-clad
RATEDVOLTAGE	: Up to600V
RATEDCURRENT	: Up to5000A
RATEDFREQUENCY	: 50Hz
RATEDBREANING CURRENT	: Up to100kA
RATEDMAKING CURRENT	: 34, 40, 50,63, 80,kA
SHORTCIRCUIT DURATION	: 1 or 3Seconds

L TSWITCHGEAR

SPECIFICATION

CONSTRUCTION	:	Metal-clad
RATEDVOLTAGE	:	66.12 &36kV
RATEDCURRENT	:	630A, 800A,1250A
RATEDFREQUENCY	:	50Hz
RATE DBREAKING CURRENT	:	13.1, 16, 18.4, 20, 25& 31.5kA
RATEDMAKING CURRENT	:	34, 40, 50, 63,80,kA
SHORTCIRCUIT DURATION	:	1 or 3Seconds

PFI -PLANT

Power Factor Capacitors Offer An In-Expensive Means Of Reducing Demand & Increasing Efficiency Of A Motor Load. Power Factor Capacitor Reduces High Power Losses By Dropping Current Throughout The Plant & Is So Doing, Can Even Increase Plant Load. An Ever-Growing Need For Power Factor Improvement For Low Voltage, Small & Medium Power Installations Lead To The Production Of The Power Factor Improvement Capacitor. We Highly Recommends The Use Of This Product. Our Line Is Rated 480 VAC, 50Hz, Single & 3 Phase To Throw 1200KVA. The Capacitor Is Completely Water Proof CSA Standards. In Any Plants Situation The Capacitors Out Put Should Average An Average Power Factor Of 0.90-0.95

AUTOMATIC VOLTAGE STABILIZER

The Unstable Voltage Can Damage Our Expensive Equipments, The Automatic Voltage Regulator Or AVR Is ADevice Intended To Regulate Voltage Automatically That Is To Take AVarying Voltage Level And Turn It Into AConstant Voltage Level For Any Type Of Load Or Load Power Factor. This Is Where AVoltage Regulation Becomes So Important. "APOLLO" Already Established Their Product In The Pharmaceutical, Textiles Industries, Diagnostic Centre & Telecommunications Sector For All Over Bangladesh. APOLLO has 1kVA to 20kVA Single Phase And 3kVA To 1500kVA Three-Phase VoltageRegulator.

FEATURES & BENEFITS

- ❖ Wide input voltage range
- ❖ It provides high/low voltage protection
- ❖ Overload and short circuit protection
- ❖ Can cool start a computer when there is no main
- ❖ There is automatic recharge even when AVR is off
- ❖ Modem, phone line and equipment protection
- ❖ The offline AVR comes with beeping alarm
- ❖ Intelligent battery management system
- ❖ Compatibility with generators
- ❖ Competitively priced

FEATURES:

- Flexible Battery (You can use anybattery.)
- Long Back Up (2-8hrs.)
- One Year FullWarranty.
- 24 Hours servicebackup
- 15 % Saving inElectricity
- Automatic sense, Intelligent Control smartcharger.
- No humming Noise (SilentInverter)
- Pure Sine Wave even with Computer & Compact Fluorescent Lamp (CFL)Load
- Protection: short circuit, mains over, lowvoltage, over load, over charge and deepdischarge.

IPS

250VA to10kVA

ON / OFF LINEUPS

Features & Benefits:

1. True on-line dualdesign
2. IGBT Inverterdesign
3. Wide Input voltagewindow
4. True Sine waveoutput
5. With Isolationtransformer
6. Extendable backuptime
7. Generatorcompatible
8. Coldstart
9. Zero transfertime
